

To Tru clubs:

I, Drew Tomsak, would like to be considered for Vice president of the TRU. I have played mainly with Louisiana Tech University and Shreveport Rugby Football Club; although I have traveled with All Army Selects and other touring sides both domestically and abroad. I have held every position within my clubs. Much like my fellow rugby lovers, I aim to elevate not only the club, but the game itself. I believe that the profit of these tasks is the love of the game and ruggar camaraderie in general. We are members of a large fraternity, helping fellow ruggers become better people, as well as players, should be our highest goal. Here on the ground level in Texas, we have a wealth of players and opportunity to grow our level if play as well as increasing our membership. By building up the smaller clubs, the larger clubs will have no choice but to become better, leading to better rugby and representation for Texas nationwide and beyond. I believe that we have watered down our divisions just to fill a schedule. Landslide victories and forfeits only hurt our clubs, whether we win or lose. I believe that select side events in the fall, such as the Texas Cup, will enhance the skill levels of top players; allowing them to bring what they've learned home to their main clubs.

La Tech RFC 1996 – 2000

- *Treasurer 1996 – 1997
- *Captain 1998 – 2000
- *President 1999
