Please provide a complete narrative of nominee's credentials for the HOF:

Below is Thad's outstanding resume. Without a doubt, Thad's playing resume is by far, the biggest, longest and most impressive of any Texas players resume and, quite frankly, one of the most impressive of any player in the US. Please read the attached and know this, he was the most dynamic and exciting player in Texas history. For folks that have been out of the rugby world for awhile, the teams he played for besides the local and USA teams are teams that are known throughout the world for quality and their high caliber of play. They were not your local club team taking a trip!
