

## **Men's Div.3**

### **Otis Parker (nominated by RRRC)**

I have been on this committee for almost a year and have truly enjoyed my time. I have never been one to seek titles when it came to rugby but was more interested in picking up knowledge/information whenever I could. I would not have a problem continuing serving D3 on the committee but I feel for the sake of fairness to D3 its better to have a north rep and a south rep on the committee and Karl is more than capable. I will abide with whatever my teams in D3 decide.

### **Karl Tolar (nominated by DARC)**

I'm interested in serving as a representative on the RRRC competitions committee for the purpose of raising the level of play in DIII rugby. I've been involved with Texas rugby for ten years and have served as a club officer for most of that time. I have played in all three senior divisions with Shreveport and DARC and have experienced success and adversity at each of those levels. I feel that I have a firm understanding of the current geographic and competition challenges the division and all of RRRC faces today. I would like the opportunity to play a part in the growth of our union and the improvement of my representative division.
