Started playing rugby at Texas A&M in 1978, Played with Houston Old Boys in 1982-83, then moved to Austin, where I began playing with the Blacks, and have been ever since. I have dedicated most of my free time to rugby since I began in 1978, and have served in numerous capacities with each organization I've been with, and continue to serve with Austin Blacks today. I've got a good grasp of the mechanics of RRRC Div 1, and believe that I have the ability to serve as the Div 1 representative.

My hope is to be able to elevate the Div 1 competition over the next 5 years, so that we are constantly producing the #1 team in the nation every year. We've done a pretty good job over the past 10 years, but we need to lift our competition up a notch in order to be the best we can be. I've had extensive experience scheduling matches and coordinating multiple schedules, which is a part of the job that has to be taken into consideration as well.

Please consider me when you vote for the Div 1 rep for RRRC.
