Rugby Involvement

2010-Current Shreveport Rugby Player

2016-2017 Team Captain

L200 Coach 2017

Roles within Shreveport Rugby Club

I have taken on responsibilities as far as equipment manager. Assistant to help Drew Tomsak whenever needed. I have been involved with almost all avenues with the club except the treasury.

Mission Statement

I have absolutely feel in love with this game. I have only had the privilege of playing for a very short time. However, my career is all under the TRU umbrella. So, I would love the opportunity to do my part and making it better if that is possible. I think rugby is the greatest game a person can play. Serving it growth and making sure it stays professional is a life goal of mine. I am currently trying to take on a larger role within Shreveport to try and provide more growth and stability. This game has a place for everyone I think I haven't given back to the game that has giving me so much if I don't try and lift it higher.
