

RUGBY RESUME

RON WATSON

1972- 1974 Dallas Harlequins RFC

Position: Player

1975- 2001 Hawaii Harlequins RFC

Position: Player, Administrator, Referee

During this period I served as Vice President for two years and President of the club as well as the President of the Hawaii Rugby Union for a total of 14 years. Hawaii Rugby Union was considered part of Northern California Rugby Union and I served as the director from Hawaii to USA Rugby. I was the founder of the Hawaii International Rugby Tournament which brought teams from around the world for a ten day tournament. I served as Head Coach Kaiser High School Rugby Club.

2001 – 2003 I moved to Weatherford, Texas where I started the Weatherford High School Rugby Club. In 2003 Weatherford High School Rugby Club won the USA Rugby High School National Championship.

2004-2005 Head Coach Cairo Rugby Football Club

2005-2018 I was a member of the Fort Worth Rugby Club and served as President for two terms, as well as served as Chairman of the Cowtown Rugby Tournament and Tournament director of the USA West playoffs. During this period of time I served as Competitions Chairman and Board member for the TRU for over six years. I brought the Bob Dwyer Coaching Clinic and the IRANZ elite clinics to Texas TRU. Both clinics were held in Houston, Dallas and Austin. On the formation of the RRRC I have held the position as director at large for a third term. In 2015 I was elected to the USA Rugby Congress to represent the TRU. I am one of 16 people that represent Club Rugby in the USA.

Congress is a position held by many types of people. Some that hold the position are not voted into that position by their constituents but by boards representing divisions like youth and high school and college clubs. The position I am running for is elected by you the member clubs of the TRU. From the moment I arrived at Congress I have served on several committee's that gather membership value date from other USOC national bodies. I put together the Value added program for the members of USAR and their families which are posted on the USAR website. I have served on a Congress work committee for revamping of the requirements of USAR Board members and the nominating committee, as well as a review and revamp of outdated USAR Bylaw. I am working with Dan Payne and World Rugby to bring Central and South American clubs to the TRU at all division levels for exchange competition.

I ask for your support and vote to keep me in Congress as your representative. I am semi-retired and have the time to devote to the job. I will put my all into the position of your Congress member representative. I hope to see your club represented at the upcoming AGM.

Thank you for your consideration.

Ron C. Watson
