

## Zachary Hiller

After 12 seasons of playing rugby and a handful coaching or as admin, a neck injury has forced me off the pitch and with a baby coming and a wife that works late, I will not be able to coach as I did this past season. Yet, I love this sport and am not ready to walk away. Texas Rugby has given so much to me, this seems like the perfect opportunity to be able to give back and help grow the sport.

I work for myself (I am a patent and trademark attorney). I sit in front of a computer for at least 10 hours a day. If elected, I will be able to take care of all my duties during business hours and will be available for any clubs to contact me for any reason. I have a virtual open door policy and hope to foster relationships throughout the RRRC and TRU where I can personally report on the pulse of all clubs in the region.

- Washington University Rugby Football Club: 2002-2007
  - Captain (2005-2007)
  - Vice President (2004-2005)
  - President (2005-2006)
