

Laurence (L.T.) Herman

Playing rugby for the past 14 years has given me more than I could ever imagine. The greatest group of people I have met were through rugby. Moving around the country and overseas opened my eyes to a welcoming community of women and men. I want to give back to my favorite sport and give back to Texas rugby.

If elected, I will bring a passion for the sport and greater community to help grow our Sport and Union. I have an open-door policy and hope to foster relationships throughout the RRRC and TRU to represent our interests to USA Rugby.
