Born and raised in Dublin, Ireland, I was exposed to rugby from a very young age. Progressing through the youth ranks of Lansdowne RFC from the age of four to eighteen - youth to first team rugby within the club.

I am grateful to have played rugby in five different countries all with different standards and expectations at the club level. From winning trophies to fighting relegation battles I have been involved with it all. I have also been part of multiple executive committees and coaching structures during my rugby tenure.

- Excellent leadership; Recruiting/hiring, Training, Motivating, Retention, Scheduling, Building culture and Contract negotiations.
- Rugby Administration: Club president, Team management, Financial officer, Social chair
- Financial Management: Budgeting, Forecasting, Revenue management, Cost controls.

OPENING STATEMENT

Being a part of the Dallas Harlequins (and of course, the Texas Rugby Union) has been a highlight of my career. I have been impressed by the quality of the rugby played, the culture of the rugby community, and the commitment to growth. After all I've gained from being a part of this union, I want to give back to the TRU and help steward the future of Texas rugby. Being involved with the Dallas Jackals this past season has helped me see how important local talent and local pathways are to the future of pro rugby in America, and I look forward to growing all levels of rugby in Texas, and as a result, through America.
