Looking to server at pleasure of all Texas Rugby Union D3 Clubs. If chosen to be the representative for Division 3 I would look to give all the clubs equal representation. Over the course of my rugby career, I've been committed to growing the game we love at all levels.

Understanding what is going across all the D3 subdivisions would be at the top of my priorities. Would not be going into this blind as I've been very active and engaged with both the RRRC and Texas Rugby Union for over a decade. My phone would always be on for ideas or concerns that would help improve our competition.

Thank You for the opportunity to be considered,

John White
