

Kiana "KC" Curl

**Nominee for Women's Division Representative**

As a nominee for Women's Representative, I will be a powerful voice for all women's division rugby clubs. I see the role of Women's Representative as a facilitator to continue the growth, in terms of awareness, participation, and competitiveness in our sport. This is something I have strived to achieve throughout my 14-year playing career and this platform will enable me to reach a wider and more engaged community.

Serving as a coach, captain, and officer throughout my career, I feel confident and prepared to be a part of the RRRC committee. Women's rugby continues to grow and develop and has been well represented here in Texas, but I believe we can do even better. As an active D1 player and captain, I lead by example. My dedication and extensive experience will ensure that the competition and divisional alignments are fair and create an equal opportunity for all stakeholders to be successful.

Thank you in advance for your consideration and support.
