

Carlos Batrez.

I have been playing rugby with Houston United Rugby Team(HURT) for the past 5ish years. I have served as equipment manager for many years and more recently I have been Match Secretary for the last 2 years. My experience with both the on-hand field set-up logistics, and more behind the scenes logistics as match secretary I think I can bring valuable insight and experience to the board. Being as I am a little newer to rugby in general, I think it will be great to have fresh ideas or opinions from someone who was once on the outside looking in.

My goal is to continue to foster a welcoming environment for rugby in Texas, make it as competitive as possible, and continue to improve so we can grow as a whole.

Thank you.
