

My name is Glen Fontenot, and I have been nominated to be the RRRC Men's Division 2 representative.

I have been a member of Houston Athletic Rugby Club (HARC) for 10 years and have been involved in club administration there for 8 years. I currently hold the position at HARC of VP of Men. I have also held the positions of club secretary, club manager, and sponsorship chair.

Prior to HARC, I coached and was administrator for a college rugby team in Ohio and played for Pittsburgh Rugby Club.

As an administrator, I always listen and ask for feedback from those I am tasked with representing to ensure that their voice is heard.

I am not afraid of presenting the unpopular options and will do my best to make sure that the needs of Men's D2 are considered for all RRRC committee meetings and decisions.

I am also currently working with McPhail and Wendy to restart the Men's All-Star program in 2025 to give members an opportunity to represent TRU against other All-stars across the country.

Thank you!
